The College Hall  
Old Students' Association.

Founded January 16th, 1896.

**Objects.**—The original object of the Association was to enable past students to keep in touch with one another, but the scope of its activities was much widened by the Grove-Morison Bequests. The Grove Bequest of £500 was received in 1905, and the Morison Bequest of £500 in 1912. These bequests were made to the Association unconditionally, but are nevertheless regarded as a Trust. The interest arising from the investment of the capital sums has been applied from time to time for the benefit of members of the Association, and individual present students in need of monetary assistance. These grants are administered by a special sub-committee whose proceedings are strictly confidential. Donations have also been made during the last two years to the Bungalow.

**Membership.**—All students who have resided at College Hall and have now left are eligible for membership.

All students in residence who have been three years at the Hall are eligible for membership.

The subscription is 2s. per annum, or £1 10s. for life.

**Privileges of Members.**—Members may use the College Hall Library, and may have Luncheon, Supper, or Dinner at the Hall, at a charge of 1/-.

Resolution of Council of College Hall, June 8th, 1903:—

"That Old Students wishing to avail themselves of the privilege of staying occasionally as guests at the Hall must make application to the Principal."

The guest fee for Old Students is 5/6 per night. No guest may reside at the Hall at this reduced fee for Old Students for longer than one week. In case of longer residence the ordinary guest-fee will be charged.

Members have also the privilege of using the Bungalow at Flackwell Heath, at a charge of 1/9 per day, or, during the holidays, 11/6 per week.

**Meetings.**—Two meetings are held during the year, the Annual Business Meeting in January, and a Social Meeting in November. The Committee is elected annually at the Business Meeting.

## Report for 1915-16.

The only event for the Association was the Autumn Meeting, which took place on Saturday, November 13th, and took the form of a Sweet-Making Bee. Though the number of members of the Association who were able to come was not as large as at previous meetings, the present students attended in great force and worked with a will. £2 11s. 8d. was spent on materials, packing, postage, etc. Of this sum, donations amounted to £1 16s. 3d., and the balance of 15s. 5d. came from the general funds of the Association. We also received several donations in kind both of materials and sweets. Among the contributors were several present students.

As a result of the afternoon's activities we were able to send over 100 lbs. of sweets to the troops in Mesopotamia. The success of the meeting was chiefly due to Miss Wigram and the Senior Student, Miss N. Lloyd, who together undertook the entire organisation of the sweet making—no light task. We have also to express our thanks to Miss Hollings for all the arrangements made for this rather unusual meeting, and our regret that she was prevented by illness from being present.

The Annual Business Meeting was held on Saturday, March 18th, 1916, Miss Macdonald, the President, in the chair. Miss Hollings and twelve other members were present. The Treasurer's statement showed a balance in hand of £61 18s. 11d. A detailed balance-sheet will

be found on page 10. The Treasurer pointed out that difficulties had arisen through the fact that many members had ceased to pay subscriptions or to reply to letters; yet, as they had never formally resigned, their names remained on the roll of members. Accordingly, it was proposed by the Treasurer, seconded by Miss Dove, and carried unanimously, "**That any Member whose subscription is at any time three years, or more, in arrears shall cease to be a Member.**" The attention of all members is called to this Resolution. Naturally, it will be open to offenders to resume their membership upon formal application and full payment of arrears.

Miss Boileau was elected President. A vote of thanks was passed to Miss Macdonald for her services as President, and she was unanimously elected Vice-President. The other officers were re-elected.

A grant of £10 was made to the Bungalow.

A donation of £10 was made towards the extra expense incurred in renewals at the Hall. Mrs. Coleman explained that the Council had made an appeal in regard to this outlay, which had been necessitated by the postponement of the building scheme.

It was decided to present a portrait of Miss Morison to the Rosa Morison House. A special sub-committee was appointed to select portrait and was authorised to expend any sum not exceeding £10.

Many members of the Association continue to carry on war service of various kinds, but in view of the pressure of work from which everyone is suffering, it is

not possible to publish any account of this at present. The Secretary, however, would be glad to receive any information as to the activities of members, with a view to future publication.

The Officers and Committee are extremely anxious to increase the membership of the Association, which is not nearly as large as it should be, and they appeal for the co-operation of all members to this end.

As is pointed out on a previous page, this Association is the trustee of funds which are applied for the benefit of past and present students, and all Old Students should take part in this Trust. Moreover, it is to be feared that in the period of dislocation after the war the applications for assistance from the Grove-Morison Bequest are likely to increase in number. The Committee earnestly wish that the membership of the Association could be increased, so that the subscriptions would, at least, cover all the ordinary expenses of the Association (which has not been the case in recent years), and thus make it possible to apply all the Grove-Morison Bequest to the above objects.

The Secretary apologises for the very late issue of this Report. The delay has been partly due to pressure of private work, but also in great measure to alterations on the business side of the Association which it is hoped will tend to smoother and easier working in the future.

### The Bungalow.

The Bungalow was first started in 1911 by Miss Lindsell. It is a week-end cottage, with accommodation for three persons, situated at Flackwell Heath, Bucks, and is run for the benefit of students living at College Hall. The cottage is managed by the Principal and students—the latter are entitled to week-ends in rotation. The week-ends are rent free and the railway fare is paid, but students provide their own food. The expenses are met by grants from the Crabb-Robinson Fund, the O.S.A., and individual donations; also the cottage is rented during vacations to present students at 7/- per week, to members O.S.A. at 11/6 per week, and to others at 15/6 per week. Preference is given to applications from present and past students.

The Bungalow is greatly appreciated by the students and is used practically every week-end in the spring and summer. (It is closed during the winter.) It is generally let to students during the Easter and Long Vacations; this last Easter two Indian and Colonial students who had no fixed home in this country spent their holidays there. In fact, the Bungalow has become an integral part of life at the Hall.

The Principal states that there is urgent need of additional blankets!
